

HOME LEARNING

Reception

WEEK 11

THEME: ANIMALS

Date: 24.06.2020

MATHS

Let's get our brains warmed up and start to remember the words we have been using to describe positions. Take a look at the picture below, can you discuss what you can see and describe the positions of the animals and objects e.g. you might say "the worm is under the mushroom".

Next, I want you to have a look at the sheet below, if you are able to print out the pictures of the teddy and the position words to go with them and match up which words best describe where teddy is. If you are unable to print then you could go through each one and just talk about which positional words would go best with each picture.

LITERACY, COMMUNICATION AND LANGUAGE

Reading: Just a reminder to make sure you are reading regularly with an adult, if you register and log into [Oxford Owl](#) there are ebooks that you can use on there. Here's the link: [Oxford Owl EBooks](#)

I would like you to practise your phonics today by playing a game online. For this game you have to read the word and decide if it is a real word or a fake one. Start with Phase 2 and then if you find that easy try one of the higher phases.

PHYSICAL ACTIVITY- Choose one

Joe Wick's Work Out

9am The Body Coach on You Tube or use an uploaded video

Farm Workout

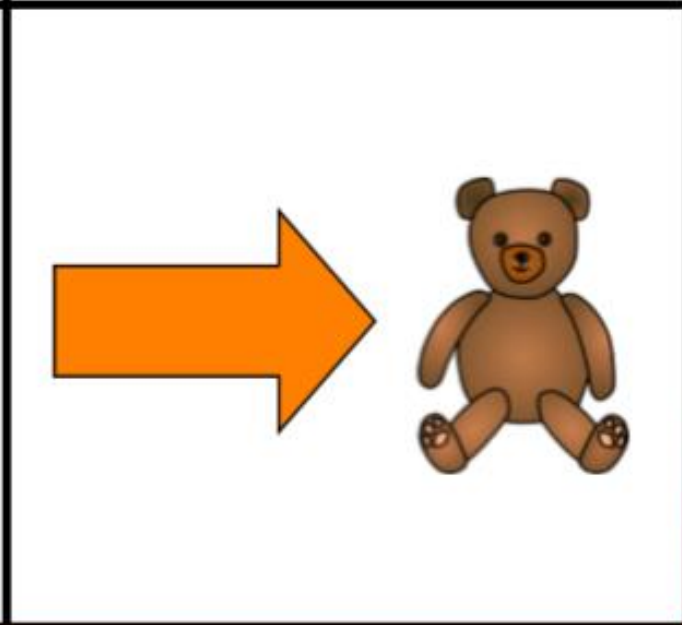

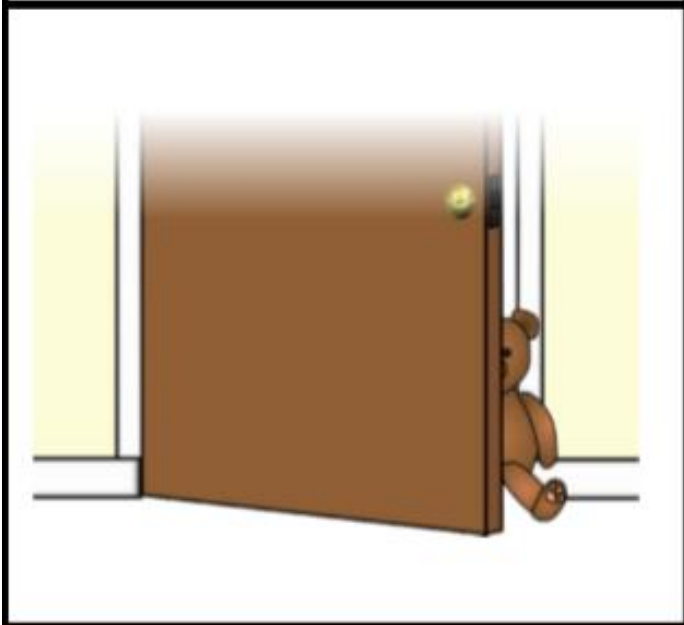

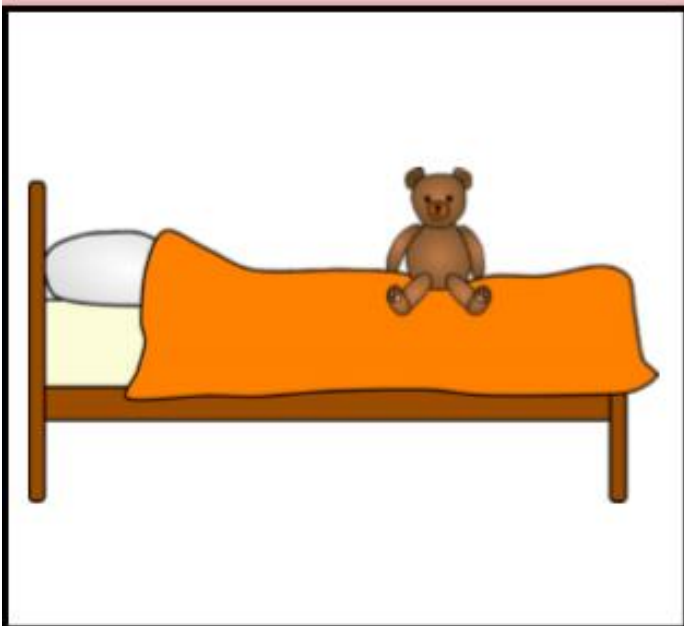

Try this farm workout.

THEMED LEARNING

Today we are going to be using our imaginations. If you have one, find a cardboard tube or something that could be used as binoculars or a telescope. Then you need to grab yourself a backpack and hat and pretend that your going on a safari adventure. Move around the house or garden searching for animals and pretend you can see all sorts of wild animals roaming around. Think about what animals you have found and what they might be doing. If you need some inspiration watch this episode of Andy's Safari Adventures to inspire you: [Andys Safari Adventures](#)

INDEPENDENCE SKILL

This week I would like you to make sure you are brushing your teeth and washing your face independently.
