MATHS

For a warm up today, have a go at one of the addition sheets in the links below.

[Additions to 10](#)

[Additions to 20](#)

Last Thursday and Friday, we looked at the language used to describe the position things are in and the direction you could go when you came across an object in your way. We are going to continue to look at those words today. Firstly, watch this clip.

[Prepositions](#)

Can you remember all those words? Get a toy and a box. Get an adult to tell you where to put your toy. Then swap roles so you tell the adult where to put the toy. Try to use some of these words; **over, under, in between, behind, in front of, next to, in and out.**

Now have a go at this tree work. See if you can read the cards by yourself or get an adult to read them.

[Preposition Tree game](#)

Challenge: Have a go at this memory game.

[Preposition memory game](#)

LITERACY

For Phonics today, I would like you to have a go on the Dragon Dens game from Phonics play. **Parents, if your child is practising their blending, choose from phase 2. If your child is a confident blender, have a go at the Phase 4 CCV and CCVC words, Set 1-7.** [Dragon's Den](#)

Now you're warmed up, I would like you to read one of the Ebooks from the link below.

[Oxford Owl Ebooks](#)

For your final Literacy task, I would like you to practise your handwriting. Use the handwriting sheet in your pack and the website below to help you.

[Letterjoin](#)

The password is in your home learning pack. Have a go at one of these patterns. [Patterns](#)

Look at these letters, **m, n, h** [Easy letters](#)

Parents, please could you draw lines for the children in their books.

Have a go at writing these words in your neatest handwriting: **mum, nan, hum, man**

PHYSICAL ACTIVITY

Have fun with these 2 Yoga exercises. Get into something comfy so you can really get into the poses. You may also need to move the coffee table and if you are doing it with brothers and sisters make sure you have room. The second one involves the Lion pose. Do you remember on our Mindfulness day, the lady who did our yoga said to roar when you do that pose. If you feel like roaring ...**ROAR !!!**

[Skip to my Lou](#)

[The Lion sleeps tonight](#)

As a relaxation activity, have a game of **Sleeping Lions**. It's a great one to play with others. You have to all lie down as still and as comfy as you can. An adult has to watch you carefully. If you move you are out. The winner is the person who lies the stillest and quietest the longest.

THEMED LEARNING

[Dear Zoo](#) See if you can read this book by turning off the volume.

In **Dear Zoo**, the animals arrive in crates. Choose 1 of your animal toys. Using your construction toys, I would like you to firstly build a crate for your animal to fit in carefully. Try to make it comfortable, so it will need a little bit of water, some food, something comfy to lie on, an air hole and maybe a window. Then, I would like you to make a vehicle for the crate to go on so you can transport your lovely animal to it's new home safely.

Don't forget to take a picture!

INDEPENDENCE SKILL

This week I would like you to make sure you are brushing your teeth and washing your face independently.
