

HOME LEARNING

Reception

WEEK 5

THEME: IN THE GARDEN

Date: 05.05.2020

MATHS

Ok, for maths today I would like you think of all the things you do in a day. You can either think about your days at home while we are in lockdown or you can think of a usual day when you would be coming to school. Have a look at the pictures below to give you an idea of some activities you may do on a daily basis. I then want you to try and draw or get an adult to help you list the things you do on a daily basis in the correct order for example:

1. Get up
2. Have breakfast
3. Brush my teeth

Once you have done your own I want you to have a look at the pictures below and see if you can put them in the correct order. You can do this by printing and cutting each one or simply by writing the number of the pictures in the correct order. (Parents there isn't a definite answer for the pictures below but you want to make sure your child is putting them in a logical order, for example he would not fly a kite (2) before he got out of bed (3).)

LITERACY, COMMUNICATION AND LANGUAGE

Reading: Just a reminder to make sure you are reading regularly with an adult, if you register and log into Oxford Owl there are ebooks that you can use on there. Here's the link: [Oxford Owl EBooks](#)

Today we are going to focus on our phonics, to warm your brains up have a go at the speed sounds lessons here: (Most children should be comfortable with set 1 now so if they are move onto set 2)

[Set 1 Speed Sounds](#)

[Set 2 Speed Sounds](#)

Next, I would like you to look at the words below, can you match them according to the sound they end in for example the words 'Jam' and Mum' both end in an 'm' sound.

tap get yum tip not him

Then lastly I would like you to have a look at the two sentences below, choose from the sounds 'ck', 'ng' or 'th' to finish the words:

ck th ng

1. He ran alo__ the pa__.
2. The du__ went "qua__".

PHYSICAL ACTIVITY- Choose one

[Joe Wicks Work Out](#)

9am The Body Coach on You Tube or use an uploaded video

Cosmic Kids Yoga

[Stella the Stick Insect](#)

THEMED LEARNING

Today I would like you to think about the colours we might find out and about or in the garden. Try to collect a range of items which are all different colours e.g. feathers, leaves, grass, flowers, sticks. Talk to a grown up about what colours you can see and then stick them to a strip of paper to create a natural colour chart. There is an example below.

This activity is for you to find out which colours you can find outside your home. How many colours can you find? Can you stick them down in order from lightest to darkest? Which object is the lightest? What about the darkest?

INDEPENDENCE SKILL

This week I would like you to help an adult put on a load of laundry, you can help by sorting colours, how many items and making sure the dial is on the correct number on the machine. You must only do this with an adults permission though children.
