MATHS- Comparing numbers

45 minutes

Today we are going to continue to compare numbers, last week we began to look at comparing amounts of objects. Today can you compare these numbers by using <, = or >.

12	<input type="checkbox"/>	35	8	<input type="checkbox"/>	10
43	<input type="checkbox"/>	27	88	<input type="checkbox"/>	91
36	<input type="checkbox"/>	41	77	<input type="checkbox"/>	77
28	<input type="checkbox"/>	92	21	<input type="checkbox"/>	98
46	<input type="checkbox"/>	32	58	<input type="checkbox"/>	57
88	<input type="checkbox"/>	56	96	<input type="checkbox"/>	95
22	<input type="checkbox"/>	22	16	<input type="checkbox"/>	16

If your child has found these difficult, recap over any they have found hard and keep repeating this activity with different numbers throughout the week.

If your child is confident with this concept you could make this more challenging by adding in addition sentences.

Eg,
13+10 23
