

HOME LEARNING

Reception

WEEK 14

THEME: ANIMALS

Date: 07.07.2020

MATHS

Today I would like to continue looking at one more, one less. Take a look at the robot sheets below, you must read the number in the robots tummy and write the number which is one less in his left hand (←this side) and the number which is one more on his right hand (→this side). If you are finding the first sheet too easy then have a go and challenge yourself with the bigger sheet underneath. (If you cannot print the sheets then simply write the number in a circle and place the number that is one less on the left and one more on the right, something like this:

LITERACY, COMMUNICATION AND LANGUAGE

Reading: Just a reminder to make sure you are reading regularly with an adult, if you register and log into Oxford Owl there are ebooks that you can use on there. Here's the link: [Oxford Owl EBooks](#)

Today I would like you to practise your reading by playing this game on the phonics play website: [Pick a picture game](#)

Read the word and then choose the picture that matches it. Everyone should now be able to read the Phase 2 words so if you find these easy then have a go at phase 3.

The username is: **march20** and password: **home** .

Physical

Joe Wicks Work Out

9am The Body Coach on You Tube or use an uploaded video

Andys Wild Workouts:

THEMED LEARNING

Today, we are going to look at the idea of playing games but making sure we are keeping our distance. Obviously in the current climate we are trying to give one another space in order to be safe. Some of the games we like to play may not be possible if we are trying to give one another space. Take a look at this lesson on the Oak National Academy where they will give you some ideas of games you can play while remaining a safe distance away from your friends.

INDEPENDENCE SKILL

For this week's independence skill I want you to learn the number you would have to ring if there was ever an emergency. It could be that someone has hurt themselves and you are the only one around, what number would you need to call? Do some research into the emergency number 999 and find out what services are available when you call that number. Remember, you must only call the number for real if there is an emergency, you should never call it unless you absolutely need to, why do you think this is so important?

1 Less 1 More

Can you find 1 less and 1 more than the number shown?

1 Less 1 More

Can you find 1 less and 1 more than the number shown?
