### A brief word about copyright...

By downloading this resource, you agree to the following:

You may use this resource for personal and/or classroom use only. We're more than happy for you to keep your own backup copy though.

In order to support us, we ask that you always acknowledge [www.twinkl.co.uk](http://www.twinkl.co.uk) as the source of the resource. If you love these resources, why not let others know about twinkl?

You must not reproduce or share this resource with others in any form. They are more than welcome to download the resource directly from us.

You must not host or in any other way share our resources directly with others, without our prior written permission.

We also ask that this product is not used for commercial purposes and also that you do not alter the digital versions of our products in any way.

**We hope you enjoy the resource and we'll see you very soon! x**

# Make Your Own Space Rocket

You will need:  
Glue  
Scissors  
Ruler

1. Cut around all the parts of the rocket being careful around the small tabs.
2. Make the body of the rocket into a cylinder and glue the tab in place. Hold together while the glue dries.
3. Glue the nose cone to the body using a ruler to push the tabs in place.
4. Fold down the small tabs on the body and glue them to the nose cone.
5. Fold the feet on the dotted line and slot the into the cuts at the bottom of the rocket

Fold and glue these tabs to the cone.

Curl the body of the rocket round and glue this tab to hold in place.

Cut down these black lines.
