Maths

30.3.2021

This shape has got a vertical line of symmetry.

What do you notice about each side of the red line?

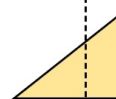

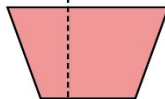

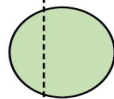

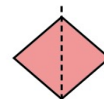

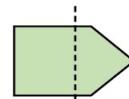

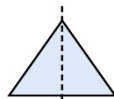

Maths

30.3.2021

Which shapes have a vertical line of symmetry and which do not?

- 3** Annie is drawing a vertical line of symmetry on some shapes.
Tick the shapes that have a correct line of symmetry.

Talk to a partner about any mistakes Annie has made.

Maths

30.3.2021

You will need to draw or draw around a shape.

How do you know if a shape is symmetrical?

- Try folding it in half
- Cut out and then down the dotted line and place on top – are they the same?
- Choose 2 colours – colour one side of the dotted line one colour and one another – do they look the same size?

Your turn, try the shapes on your worksheet (you may need to draw them larger).

Expanded noun phrase.

Adds more detail to the noun by adding one or more **adjectives**. It can also add detail by saying where the **noun** is.

Eg. The **tall, green tree** was next to the small house.

Write an expanded noun phrase for each of these pictures.

Easter Craft

Tuesday 30th March 2021

Today I would like you to decorate and make an Easter basket.

What are you going to put inside?

Chocolate eggs? A chick? An Easter cake?

Maybe shred some coloured paper to put inside too.

I have added a link underneath today's powerpoint for an Easter basket.
